My dear Bunge,

I have not heard from you for a long time, except that I received your interesting though obviously only preliminary paper on levels.

Have you ever produced those rotoprint copies of certain chapters of my book? If so, could you send me as quickly as possible three copies or perhaps four? I have at present two Spanish and one Mexican Research Students, and they would be most interested. One of them considers translating the whole book, and these chapters would be very useful to him.

Did you get my Academy Lecture?

Are you coming to the International Congress in Stanford? I hope very much to meet you there - for a prolonged private session.

*With kind regards,* Yours sincerely,

*K.R. Popper*
